Object: European REACH regulation n°1907/2006 of 18th December 2006

Sir, Madam,

Parker Hannifin Manufacturing France SAS, Low Pressure Connectors Europe has no obligation regarding the registration requirement under REACH regulation :

- Indeed, Parker Hannifin Manufacturing France SAS, Low Pressure Connectors Europe, is neither a manufacturer, nor an importer of substances as defined in the articles 3 § 1 and § 8 of the regulation, but is a downstream user of chemicals, articles producer and importer.
- Furthermore, none of our products are designed to release substances under normal conditions of use, (article 7 § 1).

As article producer, Parker Hannifin Manufacturing France SAS, Low Pressure Connectors Europe, is submitted to the article 33 of the regulation which requires information to be provided when a candidate list substance ⁽¹⁾ is in an article above a concentration > 0.1 % (w/w) :

As lead was added to the candidate list in June 2018, we hereby inform you that some of products we supply to you are manufactured with brass components containing lead above a concentration of 0.1 % (w/w)

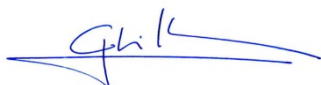

Substance	CAS / EINECS	List	Date of inclusion	Remark
Lead	7439-92-1	SVHC	27.06.2018	Under normal and reasonably foreseeable conditions of use and maintenance, our products have a very low potential that the substances are released and that humans or the environment are exposed to these SVHCs

Please understand that we will not fill out any questionnaires and consider this customer information as a respective substitute.

We remain at your disposal for any further information.

Yours Sincerely,

Olivier Guillou
LPCE Division Engineering Manager
